Missouri Department of Conservation TRANSPORTATION REIMBURSEMENT APPLICATION

Discover Nature Fishing - Schools

GRANT ELIGIBILITY

Grant to reimburse transportation costs for a Discover Nature Fishing field experience. Any travel **must be to provide hands-on fishing experiences** directly related to the *Discover Nature Fishing* instructional unit. The purpose is to get students outdoors and give them a hands-on angling experience. The field session must incorporate lessons from the *Discover Nature Fishing* instructional unit.

<u>Reimbursement is for for **actual** transportation costs only.</u> Trips must be within 100 miles of school (one way) and within the state of Missouri. More than one trip may be included for reimbursement: however, maximum reimbursement will not exceed a total of \$7 per student per year up to \$500.The recipient agrees to provide detailed receipts for actual costs clearly showing proof of payment for approved grant expenditures within 30 days after the Discover Nature Fishing-Schools fishing activity. A brief narrative describing the students experience is also required with submission of the travel receipts.

Destination(s) and description of activities	Date(s)	Grade	Number of Students
Total Estimated Transportation Costs: \$
